

Hamilton & medin Partner Training 2026

Neonatal & Pediatric Respiratory Care Solutions

Olching, Germany | September 17-18, 2026

We are pleased to invite you to the Hamilton & medin Partner Training 2026, a two-day advanced clinical and product-focused training designed exclusively for our partners.

This immersive program combines evidence-based education, real-world application, and intensive hands-on sessions — bringing together the full potential of the Hamilton Medical and medin Medical portfolios.

Together, we will follow the complete ventilation journey — from delivery room stabilization of premature infants to NICU treatment and recovery in the Intermediate Care / Step-Down Unit.

Why attend?

- Deepen your neonatal and pediatric ventilation expertise
- Strengthen your confidence in clinical discussions
- Experience hands-on application of our combined portfolio
- Exchange best practices with international colleagues
- Enhance your positioning as a trusted clinical partner

This training is designed to empower you not only with knowledge, but with practical confidence

Event Overview

Training Dates

September 17-18, 2026

Arrival

September 16, 2026 (Welcome Dinner)

Location

Hotel Schiller, Olching, Germany
